

# LUXURY CALLING

THIS AWARD-WINNING HOME IS A SHOWCASE OF INNOVATIVE DESIGN AND ARTISTIC BLEND OF COLOURS

The owner's requirement was only for her home to be "stunning", and that's what it turned out to be after Cameron Woo Design completed it. The apartment also won the award for World's Best Interior Design at the International Property Awards 2013/2014. A lush combination of colours and textures, dramatic design features anchor the overall design concept.

**LIVING (opposite page)** The living area provides an engaging sensorial experience with its rich textures and unique furnishings. Here is a palette of warm neutrals and wood against a pale backdrop. **FOYER** Inspired by a Bulgari necklace, the outstanding divider screen is made of materials including mother-of-pearl, rock crystal, mirror and polished stainless steel. Matched with the warm palette, it gives the space a welcoming ambience. **MASTER BEDROOM** This home is big on nature and exotic patterns. In addition to floral patterns, the rug features amplified ikat patterns that result in a contemporary look. Greys blend with brown hues in the master bedroom. **BEDROOM** Customised furniture pieces tie in perfectly with the colours in this space. The light and dark pink and purple hues on the walls are reflected in the customised rug. With mood lighting, the ambience is sensuous and relaxing.

"WHEN PLANNING A SPACE, CREATE CLUSTERS OF SEATING THAT ENCOURAGE PEOPLE TO SOCIALISE IN SMALL GROUPS. ALSO THINK ABOUT HOW TO GLAMORISE LOCAL MATERIALS IF YOU WANT TO INCORPORATE THEM INTO YOUR HOME."
